EDUCATION

Bachelor Of Technology

Meghnad Saha Institute Of Technology,
West Bengal

12/2020 - 06/2024

Computer Science and Engineering

- CGPA-8.28

WORK EXPERIENCE

Fresher

Looking for opportunities to enhance my knowledge and skills.

SUBJECTS OF INTEREST

Object-Oriented Programming

Database Management Systems

Operating Systems

Computer Networks

SKILLS

Programming Languages-
Java, Python

Version Control- Git, GitHub

Tools- Jupyter Notebook,
Streamlit, Pycharm

Frameworks- Numpy, Pandas,
Scikit-learn

Soft Skills- Attention,
Teamwork, Adaptability,
Communication

PROJECTS

Malaria Detection Using Deep Learning- Group Project
<https://shorturl.at/QNBDB>

- Developed an automated diagnostic system to detect malaria-infected cells from microscopic images using transfer learning with VGG19 CNN architecture
- Utilized NIH malaria dataset (~27k images) and applied image preprocessing techniques (rescaling, normalization).
- Achieved ~96% accuracy using Adam optimizer and early stopping.

Spam Mail Detection System <https://shorturl.at/cpEXA>

- Developed an email classifier using Logistic Regression and TF IDF vectorization.
- Achieved 95% accuracy in detecting spam vs non-spam emails.
- Preprocessed dataset and split it into training and testing sets.
- Deployed the model to classify mails as Spam and Ham.
